PROFILE

Miranda Klassen is the Executive Director of the Amniotic Fluid Embolism Foundation, a non-profit organization she founded in 2008 after surviving an AFE during the birth of her son.

Miranda is a co-investigator for the Amniotic Fluid Embolism Registry and Biorepository and has authored several publications on AFE and support after a severe maternal event. She is a frequent lecturer and serves on multiple boards and maternal health initiatives. She lives in San Diego, CA with her husband Bryce, a critical care nurse, and their son, Van.

PUBLICATIONS

Amniotic fluid embolism syndrome: analysis of the Unites States International Registry. IA Stafford, GA Dildy, Klassen, M., et al. American Journal of Obstetrics & Gynecology MFM, 2020

Differences in clinical presentation and outcomes between women with typical versus atypical amniotic fluid embolism. Stafford, I., Clark, S., Klassen, M., et al. American Journal of Obstetrics & Gynecology, Volume 221, Issue 1, S223-S224 (331)

Amniotic fluid embolism: principles of early clinical management. Pacheco, Luis D, Klassen, M., et. al. American Journal of Obstetrics & Gynecology.

The prevalence of placenta previa in pregnancies complicated by amniotic fluid embolism. Berra, Alexandra L. et al. American Journal of Obstetrics & Gynecology, Volume 220, Issue 1, S101 - S102 (130)
